UNIT LEADERSHIP AWARD

QUALIFICATIONS:

This award is presented to one individual who received highest recommendations to the current Appreciation Dinner Committee for providing noteworthy service of exceptional character to the Boy Scouts of America for the past 12 months in Shiawassee District on the unit level. This award will exemplify the efforts and sacrifices shown by this individual in relationship to the boys in his or her unit. The Appreciation Dinner Committee felt it important to recognize the valuable services of the people who work with the youth on a regular one-on-one personal basis; for, indeed, it is the unit leaders that keep the program going, creating fun and fostering education as well as the values of Scouting. It is no small task, and we wish to honor them with this award.

This individual nominated must be a Scouter registered with the National Organization and demonstrate exceptional service and leadership on the unit level. *This year's winner will be selected by the 2011 District Appreciation Dinner Committee.*

(This award originated from the committee and is awarded in Shiawassee District only.)
