What is a KLONDIKE DERBY?

Briefly this is it - Many years ago, men raced by means of dogs and sledges across the frozen wastes of Alaska in search of *GOLD!* Scouting has capitalized on this theme and has developed the **Klondike Derby** as an activity for Boy Scouts.

First of all, troops must be alerted; patrols have to be prepared; sleds must be built (see plans for the building of sleds in this packet). Incidentally, don't let the idea of sledges scare you. It is not essential to have snow for this event - many of the derbies have been held without snow.

Each dog team (4-6 scouts will act as huskies) as a separate expedition follows a course outlined on a map given to it. The map guides the team over a field course to simulated "cities", some with authentic Alaskan names. Each team driver (the patrol leader) is handed a sealed envelope containing his instructions for reaching the North Pole. Teams line up at the starting line, are checked for readiness, equipment, etc. and at the starting signal, are away down the trail. A hundred yards away, at a main junction is a post with directional signs attached. There, they may tear open their sealed orders containing course directions, map and a tally card. Each team takes its bearing and then starts off for a different city as shown on the map.

A practical problem involving basic scouting skills will be encountered at each city. Depending on how well the team works out its problem, it will be awarded a number of gold nuggets, have its tally card marked and will be off to the next city. After the final city, the team checks in with the official who marks time and the number of gold nuggets on the tally board. Awards are presented accordingly.

FORMAT

Patrols check in and weigh-in and, after inspection, proceed to the starting line. Each patrol has previously been assigned an arrival time. At the starting line, patrols are lined up for the starting signal, given general instructions, and then the signal is given. Patrols proceed to Frost Korner and their sealed orders are opened. From there, they proceed as directed in their orders.

Mayors of the cities give a predetermined number of nuggets if the patrol arrives with the proper compass solution. He then hands the patrol leader a sheet stating a problem to be solved, what to do when completed, and where to go from there. As they complete the problem, he gives them the number of nuggets they earned and sends them on to the next city. The mayor also gives them a clue as to where the hidden city is.

Waves of patrols are each started off in this fashion at ten minutes intervals. This operation continues until all patrols are in the field.

DERBY REGULATIONS

Pre-Registration Required

Team Specifications

1. Natural patrols
2. All boys must be properly clothed for winter weather. This includes gloves, head protection, extra socks, etc. Most important is proper footwear. (NO SNEAKERS) **No scout will be allowed to participate if judged improperly dressed.**
3. Each patrol must submit a roster of their patrol members at check in, with the Scoutmasters signature.

Sledge Specifications: (see plans)

1. Sleds must weigh 50 pounds without gear. Ballast may be added to bring a sled up to minimum weight. A sled may be weighed before the Klondike. (The Sled Check In card must be signed by both the SPL and the Scoutmaster) It is suggested that you bring several cloth bags that can be filled with rocks and lashed to the sleds for added weight.
2. Sleds must resemble a Klondike sled.
3. Sled must display a patrol flag and troop number.

Nugget or Coin Pouch

Each team will need a sturdy, homemade leather, canvas or plastic pouch. (No Crown Royal bags) Mark it with your troop number, patrol name, or totem. Size should be 9" by 3" with a drawstring. All scoring will be based on the nuggets in the pouch at the finish line.

Foil Lunch

Each Scout (and Scouter) must have a foil dinner for lunch.

This must be heated up so no PBJ sandwiches!

EQUIPMENT NEEDED BY EACH PATROL:

1. Notebook and pencil
2. Pouch
3. Patrol Flag
4. Two blankets
5. Scout stave or 6 foot pole for each scout
6. 8 - 10' (ten foot) lengths of strong sash cord or $\frac{1}{4}$ " rope
7. Flint and steel (fire making kit)
8. One flashlight
9. One small tent
10. Adequate rain gear for each boy
11. Cocoa for each boy
12. Pot to cook cocoa
13. Cup for each boy
14. Lunch for each boy (foil dinner or other hot lunch)
15. At least 4 quarts of water for cooking and clean-up
16. Fuel for cooking
17. Compass (more than one)
18. First aid kit to include 2-3 sterile dressings, 1-2 compresses, and 7-8 cravats or triangular bandages
19. Material for splinting
20. Signal Flags
21. Tarp - small
22. Personal first aid kit for each scout
23. Scout Handbook

*Note: During the course of the day, you may be required to build as many as three different fires, so please plan accordingly.

THE JUDGES WORD IS FINAL - Plan so every boy can understand and will know whether he succeeded or not. The Mayor in charge at the city has the final word.

Again this year we will be able to announce the winners and have hot cocoa available after the derby. There will be an additional award this year for the best sled. This will be judged after the event to determine how well the sled held up during the competition. In order to be considered for this award you must arrive with your sled at the Pirates Cove flag at 4:30. You should be able to be on the road by 5:30 PM
