

# Baden Powell's WEBELOS WINTER WEEKEND

Who said it's too cold outside! Don't let a few degrees keep you inside and away from one shivering good time. W.W.W. will be held January 13th - 14th at Camp Holaka. First and second year Webelos can attend. In-between having lots of fun, like snow sledding and ice-fishing (if we have any ice left) the boys will have the ability to earn their **ENGINEER PIN!**

The event will start with the check-in on Saturday morning at 9:00 am with opening scheduled for 10:30 am. Make sure you **eat breakfast before you come**, and **new for this year, lunch will be served!** Dinner and a cracker barrel will be served Saturday night and breakfast on Sunday morning. Check out will be on Sunday at 10:30 am!

If this sounds like something **fun**, trust me it is! Of course the best part is, it's only \$25/person to go! Now do to an overwhelming success in past years, we are limiting the number of scouts that can come to the first **100**. So leaders sign up fast! And for any leaders who don't want to go just because it's cold, don't worry, sleep indoors :) And if your unit can't do the overnight, that's fine too. You can just come on out for Saturday, but the cost is still the same.
